

Welcome to Scripps Col56.DgCCc

“**xx**” in your address as this may cause your mail and packages to go to a local U.S. Post Office and be delayed.

is available in the My Campus student portal under student profile and student mailboxes, but instructions are posted in the lobby.

Change of address with the Post Office to have the College listed as your return address, but they cannot undo that change when you return to USPS because your Scripps College address is considered “non-physical”.

USPS will not forward mail to you when you are on breaks, so please provide us with no address to forward your mail when you are on breaks, and we will be able to forward your mail to you when you return to campus.

We will be sent an email for each package to your Scripps email address.

For packages, simply respond to the package email and let us know. Our package tracking system will text you when you receive a package.

When you come to pick up your package, please bring your Scripps ID, or a government issued photo ID to pick-up your package. If your package was placed in our package lockers, you will receive a text message to retrieve your package. The lockers are accessible 24/7 with a key. If your package is not picked up in 72 hours, we will collect it and place it in the lobby. Office hours, which are M-F 8am-5pm.

Address Information:

Your address on all incoming mail, magazines, or packages should look like the example below:

(Your First & Last Name)
345 E 9th St #xxxx (Your Mailbox)
Claremont, CA 91711

Your Mailbox Number is: xxxx

Your Mailbox Combination is: 00-00-00

If you have any questions about how your mail and packages will be handled at Scripps College, feel free to call us at (909)607-3708 or email tmailrm@scrippscollege.edu if you have further questions.

Best wishes,

Scripps College Mail Center Services
